# COMPACT AND COMFORTABLE

The 4846 two-section extension ladder with steps – simple, fast and safe at any working height.

# STEP EXTENSION LADDER, TWO-SECTION

- Ergonomic working on 80 mm step depth on the upper section. Front step edges flush with stile.
- Lower weight due to the combination of steps and rungs.
- Increased slip resistance of steps and rungs thanks to a high rib extruded profile.
- Easier extension and retraction of the ladder thanks to steel guide fittings with plastic sliders.

## Features:

- Ladder inner width 300 mm (top section).
- Solid steel fittings.
- Press-fitted ladder feet.
- According to EN 131.
